

The Innovation Montessori Board of Directors welcomes you to our community!

WHO WE ARE:

The Board of Directors functions as the governing body with executive oversight of the school, and deals with **strategic, financial, and long -term planning and communication**. Creating policies and procedures that have a far- reaching impact on our school's future is a key focus of the Board of Directors. We seek to **uphold our vision, mission and values** as defined in our Charter. Our board is comprised completely of volunteer members who donate their time, money, and talents to preserving our Montessori culture and supporting a solid educational experience for all of our students.

For the 2022-23 school year, we have established **four key goals**: 1) *hire an executive director for the 2023-24 school year* 2) *add a 7th Board Member* 3) *develop succession plans for each Board position* and 4) *establish a long term plan for our school*.

The Board of Directors is made up of the following members:

Stacey Williams, President
Brett Casey, Vice President
Philip Gallina, Treasurer
Kristin Chase, Secretary
Kevin Stone, BOD Member
AJ Stevenson, BOD Member
Marissa Caravelis, BOD Member

WHEN WE MEET:

Meetings are typically held on the **second Tuesday of the month** and are posted on the online school calendar with agendas included at our BoardDocs website <https://go.boarddocs.com/fl/imcsfl/Board.nsf/Public>. **All Board meetings are open to the public** with meeting minutes available once approved at the following month's meeting at <https://go.boarddocs.com/fl/imcsfl/Board.nsf/Public>. We have a hybrid option for meetings with in person and online.

HOW YOU CAN HELP:

We are interested in finding Board of Directors Members with expertise to support our strategic vision. Skills in **Finance, Legal, Fundraising, Strategic Planning, Recruiting, Marketing and Community Relations** from both inside and external to our community are particularly helpful. Email sec-bod@innovationmontessori.com for the latest on what is happening with the Board, and to find out how you can get involved!

The BOD's fundraising and community relations efforts are focused towards our outdoor learning spaces, as well as intentional alignment and expansion of programs and offerings to serve students at all levels on our two established campuses. A particular program of focus for support is our High School Innovation Incubator, which is a seed we have planted with strong intentions to grow and expand its potential.

Here are two different ways you and your family can choose to support these goals!

1. *Annual Giving: Sign up for reoccurring monthly donations of just \$10 or more*
2. *Annual Giving: One-time donation of \$50 or more*
